FREEDMEN'S BUREAU PRESERVATION PROJECT

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, view both the microfilm catalog *Black Studies: A Select Catalog of National Archives Microfilm Publications* and the National Archives microfilm locator on our web site at www.archives.gov.

INTRODUCTION

On the 133 rolls of this microfilm publication, M1904, are reproduced the records of the Kentucky headquarters for the Assistant Commissioner and his staff officers and the subordinate field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865-1872. These records consist of bound volumes and unbound records, containing materials that include letters sent and received, monthly reports, registers of complaints, labor contracts, and other records relating to freedmen's claims and bounty payments. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their family or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the

Washington Bureau headquarters and his subordinate officers in the subdistricts. Based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers, he prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction. The Assistant Commissioner also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, it was often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

THE FREEDMEN'S BUREAU IN KENTUCKY

ORGANIZATION

From July 1865 until June 1866, Maj. Gen. C. B. Fisk served as Assistant Commissioner for both Kentucky and Tennessee. Fisk appointed Bvt. Brig. Gen. John Ely to serve as chief superintendent for the Bureau at Kentucky (from March to June 1866). Ely established his headquarters at Louisville, Kentucky, and divided

his operations into five subdistricts: Lexington, Louisville, Northwestern, Southern, and Central. Records relating to Kentucky created prior to Ely's tenure may be included among the files of the Assistant Commissioner for Tennessee.

In June 1866, Maj. Gen. Jeff C. Davis was appointed as the first Assistant Commissioner for Kentucky. Superintendents (or subassistant commissioners) employed under Davis were generally responsible for from 3 to 11 counties, and agents (civilian and military) from 1 to 3 counties. Agents received their orders directly from superintendents, and all superintendents were required to submit monthly reports of their activities to the Assistant Commissioner. Brig. Gen. Sidney Burbank succeeded Davis in March 1867 and was replaced by Maj. Benjamin Runkle, who served from January 1869 to May 1869 as Assistant Commissioner and superintendent of education. In August 1870, when superintendents of education were withdrawn from the states, Runkle served as claims agent for Kentucky until July 1871. H. H. Ray succeeded Runkle as claims agent, and served in this capacity until December 1871. P. J. Overley became the claims agent in January 1872 and remained in this position until the Bureau's operations in Kentucky were discontinued in April. The major subordinate field offices for the Bureau at Kentucky included those with headquarters at Bowling Green, Lebanon, Lexington, Louisville, and Paducah. For a list of known Kentucky subordinate field office personnel and their dates of service, see the Appendix.

ACTIVITIES

While the Freedmen's Bureau did not begin full operations in Kentucky until June 1866, its activities in the state generally resembled those conducted in other Southern states. The Bureau supervised labor contracts between planters and freedmen, administered justice, assisted freedmen in the establishment of schools, helped freedmen legalize marriages, and worked with black soldiers and their heirs in processing claims relating to military service.

The regulation of written labor agreements between planters and freedmen was a major concern of the Freedmen's Bureau. In a circular issued on July 24, 1865 (Circular Number 2), Assistant Commissioner Fisk told his subordinates that for both Kentucky and Tennessee freedmen must be free to choose their own employers and that wages were to be based on supply and demand rather than a fixed rate. Bureau officials were to negotiate and approve labor contracts and enforce violations by either party. Compulsory unpaid labor was strictly prohibited. In some areas of Kentucky, planters refused to enter into written agreements with freedmen, and freedmen themselves were reluctant to enter into annual agreements for fear of being reduced to slavery. However, with strong reservations, Bureau officers negotiated monthly agreements for them but encouraged freedmen to sign annual contracts that offered yearlong employment. Wages for monthly contracts ranged from \$8 to \$10 a month for adult male field hands, well below the state's average wage of \$15 a month for men. However by the summer of 1866, with the Bureau's insistence, adult laborers in the tobacco region of the state received \$25 per month and laborers in the farm belt areas earned \$12 per month. In some Kentucky counties, freedmen

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

received a third of the crops rather than wages. However, because of the shortage of laborers in the state, freedmen were able to demand higher wages, and thus over time the sharecropping system became less attractive.¹

The Bureau worked to protect the rights and legal status of freedmen, which, despite the ending of slavery by the 13th Amendment, were still endangered by the persistence of the old slave codes. On May 30, 1865, Commissioner Howard issued Circular Number 5, authorizing Assistant Commissioners to establish courts in states where the old codes existed and the right of blacks to testify against whites was prohibited. Gen. Fisk subsequently announced to the citizens of Kentucky that freedmen courts would operate in the state as long as freedmen weren't given the same rights as whites. By 1867, as a result of several Federal court rulings, Bureau courts ceased to operate in Kentucky. When state courts denied black testimony, the agency, under provisions of the Civil Rights Act of 1866, took cases involving freedmen to the U.S. District Court of Kentucky. In instances where freedmen lacked resources to pursue their cases in Federal court, the Bureau provided transportation for witnesses and other forms of assistance. Despite the Bureau's efforts to safeguard rights and secure justice for freedmen in Kentucky, admitting the testimony of blacks against whites still remained an issue in 1869 when Bureau Assistant Commissioners and their subordinates were withdrawn from the states. However, in January 1872, with a change in public opinion and pressure from the courts, the Kentucky State Legislature amended state law and allowed blacks to testify.

When Gen. John Ely began his duties as chief superintendent for Kentucky under Gen. Fisk's supervision, there were 30 freedmen schools and more than 2,000 students. The schools were organized and maintained by black churches, with black clergy as instructors. Freedmen schools faced widespread violence and white opposition, and in many cases, teachers and students were forced to abandon efforts to maintain school buildings. Ely and his subordinate assisted freedmen in reopening schools that had been forced to close.² Under Maj. Gen. Jeff C. Davis, who replaced Ely in the summer of 1866, the number of freedmen schools increased to 54, with some 67 teachers and more than 3,200 students. Excluding the schools established at Lexington and Covington under the auspices of the Cincinnati Branch of the Western Freedmen's Aid Society and the Cincinnati Branch of the American Missionary Association, the freedmen schools were taught by black teachers who were supported by subscriptions from parents and black religious institutions. The Bureau, however, rented the building for the school at Lexington. Under Brig. Gen. Sidney Burbank, who succeeded Davis in March 1867, the number of freedmen schools increased to 96, accommodating about 5,000 students aged 6-18. By

September 1868, in spite of continued violence and opposition, the Bureau had provided support for 135 day schools and 1 night school, serving more than 6,000 students.³

On February 14, 1866, the Kentucky State Legislature passed an act legalizing marriages freedmen had entered into during slavery and authorizing black ministers to solemnize such marriages. Nearly 2 weeks later, on February 26, 1866, Assistant Commissioner Fisk issued Circular Number 5, in accordance with the Kentucky law, directing those freedmen who sought to solemnize a marriage to the county clerk for a marriage license. If the county clerk refused to issue a license, Bureau officials in the subdistricts were authorized to solemnize marriages and issue marriage certificates. Local Bureau officers were required to maintain a register of freedmen marriages and forward a report of such marriages to the Assistant Commissioner at the end of each month. Subordinate Bureau officers were also told to notify persons living as man and wife who had not legalized their marriage, to report to the Bureau to take the necessary steps to do so. Persons who failed to comply were guilty of a misdemeanor and were to be punished by a fine and imprisonment.⁴ This microfilm publication reproduces marriage licenses, certificates, and registers of marriages for the Kentucky subdistricts at Augusta, Bowling Green, Columbus, Cynthiana, Owensboro, Paducah, Mt. Sterling, and Winchester. A single freedmen marriage license and a marriage certificate from Kentucky, filed in the Bureau's headquarters records, has been reproduced on roll 1 of National Archives Microfilm Publication M1875, *Marriage Records of the Office of the Commissioner, Washington Headquarters of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1861-1869*.

In addition to assisting freedmen in solemnizing slave marriages and efforts to sustain the black family, the Bureau helped discharged soldiers, sailors, marines, and their heirs in claims for back pay, bounty payments, and pensions. In accordance with a law passed by Congress on March 29, 1867 (15 Stat. 26), making the Bureau the sole agent for payment of claims relating to black veterans, Bureau disbursing officers assisted freedmen in the preparation and settlement of military claims. In November 1866, in spite of the difficulties in locating veterans who fled the state for fear of violence, Assistant Commissioner Davis reported that he had forwarded more than 260 black soldiers' claims for back pay and bounty payments to Commissioner Howard's office in Washington, DC. In the following year, Assistant Commissioner Burbank reported that his office had assisted nearly 500 veterans with military claims, and in the fall of 1868, for the year ending October 10, 1868, that more than 1,100 received bounty payments through his office.⁵

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were arbitrarily assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that are not in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, registers of freedmen court cases, special orders and circulars issued, registers of claimants, registers of complaints, marriage certificates, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders received, unregistered letters and narrative reports received, special orders and circulars issued, and general orders and circulars received. The unbound records also contain monthly reports; labor contracts; marriage certificates, and records relating to claims.

Some of the volumes contain more than one type of record, reflecting a common recording practice of clerks and staff officers of that period. On roll 93, for example, the volume of contracts for the Columbus field office also contains a register of marriages. Some other examples of additional series within volumes can be found in records on rolls 106, 123, and 133. Researchers should read carefully the records descriptions and arrangements in the Table of Contents to make full use of these documents.

RELATED RECORDS

In the same record group, RG 105, and related to records of the Bureau's field offices for Kentucky, are those of the Bureau headquarters in Washington, DC, and previously microfilmed records of the Assistant Commissioner and the superintendent of education for Tennessee. These record series are available in the following National Archives microfilm publications:

Records in other National Archives record groups supplement those of the Assistant Commissioner. In Records of United States Army Continental Commands, 1821-1920, RG 393, are records of the military district that included Kentucky. Records relating to employment and welfare of freedmen and abandoned property before the establishment of the Bureau are among Records of Civil War Special Agencies of the Treasury Department, RG 256. The records of the Freedman's Savings and Trust Company, 1865-1874, in Records of the Office of the Comptroller of the Currency, RG 101, contain information relating to former slaves who maintained accounts with bank branches in Kentucky.

-------------	---------------------

Registers of Letters Received

The twelve volumes of registers of letters received are dated March 1866–April 1872 (1–12). Entries in the first nine registers, March 1866–February 1870, are arranged alphabetically by initial letter of the surname of the correspondent and thereunder chronologically. However, each register does not contain all alphabetical divisions. For example, the “As” are in volumes (1), (3), and (9) only, and the “Gs” are in volumes (1), (2), (3), (6), and (9) only. The volume listings below show the initial letters of surnames included in each volume. The entries within each alphabetical division are numbered with a separate numerical sequence for each year, but don’t always span the time period listed below.

The last three registers, January 1870–April 1872, are arranged by time period. The entries in volumes 10 and 11 are arranged alphabetically by initial letter of the surname of the correspondent and thereunder in chronological order and numbered. The entries in volume 12, July 1871–April 1872, are arranged in chronological order and numbered with a separate numerical sequence for each year. The name index to volume 12 is volume (13) above. The letters received relating to the registers, March 1866–February 1872, are listed below.

Joseph Smith being sworn says that he leased to Fidelity Thomas colored wife of Jerry Thomas living ^{near} La Grange Adams County a small piece of ground for a garden, and bound himself to build a house for her to live in upon the ground, such a house as the one already on the ground and for which she was to pay an annual rent of fifty dollars and was to have possession under that contract for two years. He says he did build the house agreeably to contract and after his work was done to the house Mrs. Thomas moved her things into it. The house was not chinked and the chimney was not built at the time Mrs. Thomas put her goods into it, and he gave her permission to move into another ^{house} which he had near by and she did so, and remained in said house a short time. He says that according to the contract he had only to put up the logs and corner the house and lay the floor, and all that he done within the time specified in the contract, and that Mrs. Thomas was to build the chimney and chink and daub the house. He says it was about 3 or 4 months after he made said contract and put up the house before he came to Louisville.

The thirty five dollars for which he has given
his ~~receipt~~ was used in the purchase of lumber
to build said house and to pay for labor in the
erection of the house - The house was built of
old logs and some of them were somewhat decayed

The \$35 was a part of the rent which had
to be paid in advance

Mrs Thomas left the house in which he had
given her the privilege of living of her own accord

He considers his part of the contract as being
completed, and that in Justice Mrs Thomas is
indebted to him 15 of the balance of the 1st years

Sampson Talbott colored being sworn states
 He has been working on Washington Street between
 Brook & Floyd in Louisville for Mr. Brady in his
 blacksmiths shop for several years. There was a
 plank placed by some person over the chimney through
 which the smoke of the furnace passed and on the
 plank was placed two bricks and some saw dust
 he went on the roof of the house and removed it
 and when Mr. Brady came in the shop I told him
 what had been done and that one of the boys in the
 paint shop which is over the blacksmiths shop said
 that John Derry a white man who works at wood
 work in the same shop was the person that had done it

Soon after Mr. Brady was told this he went out
 and John Derry came in and asked him how he
 come to tell that he Derry had put the board on the
 top of the chimney. He ^{Talbott} told him that Leslie String
 said he done it. He ^{Derry} said every thing they said (meaning
 Leslie String and another boy in the paint shop) was not
 true you damned son of a bitch I will take a bar of
 Iron to you. Sampson replied you are not man
 enough to fight me I am a man that always attends
 to my own business. Derry then stepped off the stair
 steps and picked up a bar of Iron and struck him
 on the ~~head~~ ^{arm}. He ^{Talbott} then pitched into Derry
 and ~~he~~ ^{he} shoved him over on the vice bench but did
 not strike him. he held him in that position until he
 called ~~for help~~ ^{for help} to Talbott to let him ~~go~~ ^{go} which he did

Derry immediately ran and got a pistol and came
 back saying ~~he would~~ ^{I will shoot} you. Mr. Matthew Philips a white
 man worker in the shop caught Derry and held him
 until Talbott got out of the way and went to the office
 and informed Mr. Brady of what had taken place.

After seeing Mr Brady and telling him of what had
occurred he saw a policeman whose name he thinks
is Croft and took him up to Mr Brady's office and
explained the case to him and he advised him to come to
the Bureau as the Negro could not swear out a peace

That ^{this morning} he was ordered by ^{one} the ^{Clerk} officers of said

That the money was paid in ten dollar bills

That when he handed over the money
it was ascertained that there was forty dollars short,

On proper authority
it will of course

The child being older

Ephraim Turnham being sworn states that he and

That they worked from the New Year day 1866 in making rails and putting up fences that they broke up for per 100 acres of corn ground and had planted it in corn and that they had finished planting on the 29th April 1866 by dinner time and because they did not start out to work after dinner (it being Saturday) Mr. Vandyke told them to take their families and leave that they refused could not under the contract quit work at that time of day.

He and the other hands worked about four months. It ^{was} understood that the corn for the horses was to be found by Mr. Vandyke and ~~they~~ did not know that the contract was worded differently.

That his wife cooked and done house work for Mr. Vandyke for which he paid her nothing and he all the time claimed that he would charge board for

Mr. Vandyke came and made a statement
I then summoned Ephraim Turnham and Henry Nines
and heard their statements under oath although it is
evident that the contract is a hard one on the part of the freedmen
still it is such a one as might be sustained against them in
a Court of law

The evidence of the freedmen is that Mr
Vandyke did not order ~~any~~ ^{any more} them from the farm but it
that if they quit work at dinner ^{any more} time without his consent
they might leave and take all their families

The matters set forth in the petition of the freedmen
for wages are not sustained by the testimony of Turnham and
Nines and that therefore should be dismissed

Vandyke claims advances to each of them which
under the contract they would be bound to allow and
having quit him at the time they did, and without cause
they certainly cannot have any claim for labor done

+ Damaging him thereby ^{and} leaving him without any person to work
his crop

did not remain until the fall crop was sowed
and agreed upon to receive their pay.

Turnham and Nines having been ordered
before me, ~~they~~ ^{they} testified upon oath that they were
not ordered to leave the farm by Mr Vandyke

would go to the Contractor

Nearly two months since I Curran then being in the Hospital as nurse where I was Steward. He said to Curran when you go home this evening tell your mother to let me have your coat tonight to wear to church and he said he would do it and it was upon this conversation which I repeated to his mother that I took the coat. He wore the coat to church that night

That at a previous date he was wearing the coat and the sewing and part of the clothes gave way and he took it to a tailor and had it mended and it was this tear or rip of the coat the Curran speaks of. He sold Curran a pair of pantaloons for ten dollars which he had paid eighteen dollars for and Curran has not yet paid him for them. We did not agree to take eight dollars for the pantaloons.

"General"

Your communication. (Per Simon Wells) is at hand, and I would respectfully say in regard to the children Marshall & Gracy, that they were raised by me, their father being dead a number of years, it was the request of their mother that I should keep them, until was of age their mother not being able to wait upon herself some time previous to the slaves being declared free, and never afterwards they was kept to wait on her after her death, "Simon" had the children removed from my place, after hiring them to different persons without them ever getting any compensation for their labors. The boy came back to my house almost naked and in a very filthy condition and said that he wanted to live with me again. he told me that the girl, "Gracy" wanted to come home to live. I sent for her and have clothed them. The County Judge ^(Taylor) gave me notice that he would bind the children out in accordance with the law in regard to "Minors", and as I had raised them would give me the privilege of having them bound to me which have contemplated doing but have neglected thus far, but which I will do at the earliest opportunity: provided it meets with "your concurrence". As to firing the pistol at "Simon", with intent to kill him was all a "hoax" 'tis true I fired a pistol ^{not} at him but nearly to frighten him as I was at the distance of one hundred yard from him used a very ~~large~~ small cartridge pistol. the ball ranging at an angle of ninety degrees from him. he has never been prevent from coming to see, or from talking with the children. The children are very anxious to live with me. and if it meets with the approval of the Government, I will take the legal course to have them bound.

to me. You may think that I bear malice against
 "Simon" because he belonged to the Federal Army. I have
 always been, a supporter of the Government during our national
 struggles in proof of which I would refer you to elections

 the Federal Army, at the time of the Surrender.

Munch Worthen

vs Before Freedmen's Bureau
By E. C. Standiford

The deft states that in July 1865 three colored men of Sherman's army were hired by him to help in the harvest that they brought the plft with them he was sickly and badly clad, the men asked permission for him to stay whilst they worked, they went away and would not take Munch with them, during the harvest Munch rode the horses in drawing hay & for that when deft was paying the men he gave Munch a few dollars. Munch has few friends he is not so much maliciously mischievous as full of fun and mischief at other peoples expense. Deft has been his best if not his only friend, in all his difficulties, he has nursed him when sick and fed and clothed him well, he never thought of hiring him, for he would be worthless on a farm, he has often protected him from injury from others because of his provoking them in some way. It was the friendless condition of Munch that enlisted deft's sympathies in his favor. Munch can state how he has been fed and clothed; some months since deft drove him Munch away for

for his bad conduct after two or three days he came back saying he could get no where else to stay and at his earnest request Dept permitted him to remain - Dept never contracted to pay Murch any thing, does not owe him any thing, nor were his services worth his board and clothing - This morning before Dept knew Murch had complained to the Bureau, he had met Murch on the street & told him to go & get his clothes.

A suit of clothes which had been fixed up for Murch to wear only when waiting upon or driving the carriage of his mistress were denied him when he was sent away some months since, but he was told this morning to go and get his clothes.

John West
against Σ
Capt. Henry, D. Kinship

On the 6th day of Decr 1864
I entered the military service of the United States
at Louisville Ky as a substitute, I had \$600 - one
bill for \$100 & one for \$500 - The Capt's orderly
William Thomas came to me in Taylor's barracks
and told me the Capt. wanted to borrow some money
I went into the Capt's office and lent him the \$500 note
he wrote a note of hand for the money and put
stamps on it and gave it to me, I had received of
the Capt \$50 part of his note, I was taken down sick
his orderly William Thomas came to me and said the
Capt. wanted his note to make it even \$450 - I
sent the note to the Capt. by the orderly next day
I was carried to the sick house and the next day
I was carried to the hospital in New Albany, Ind
and I never received any more of my money
The Capt. told me at Corpus Christi that he would pay
me my money at New Orleans if I would wait for
him or he would pay me when we got to Louisville
- Ky and that I must give him a receipt for it on
account of not having the note, I was discharged at Cor-
pus Christi 6th Decr last - Dept declined to ask questions

Capt. Kinship states that by order of Col Layman the money
of substitutes was taken from them; John West deposited
with me under this order \$500 On Christmas 1864 I

gave him \$31 of his money between Christmas and
New Year. I gave him a pass to town ^{to be} which he
said he wanted to deposit in town - On New Year's day
I gave him \$70 more or about 10th Jan 1865
I received a letter from the Surgeon in charge of the
Hospital (Taylor barracks) enclosing a receipt for
the money saying that as John West was sent to Hospi-
tal at New Albany ^{I should} requested me to send ~~him~~ money to
the Surgeon (I think the surgeon's name was Seward) I sent
the full amount of money I took up my receipt.

John, E. H. Burton of color. says he was in the sick
house at Taylor Barracks during the Christmas holidays
of 1864 that on Thursday or Friday of that week the plft
John West was brought to the sick house and that on
Saturday of that week they were both taken in the
^{same} ambulance to hospital in New Albany, Ind

John Railey - states that Capt. Kinship got the \$500 of
plft & gave a note for it. That plft got \$70 of Dept
at one time and he had got money before that of
Dept how much he does not know.
Question by Dept. Was plft able to leave the barracks on New Year's day
Answer - I think he must have been as we had a light
that night as well as I recollect - As to plft's character
for truth & veracity witness can't say anything

Tom Jones (of color) says that plft stated to him in Peru
that Dept owed him how much he did not tell me
In answer to Dept's question. he says plft's reputation
for truth is very bad -

Lieut. J. H. Page - I commanded the Co to which the wil-
 ness Johnston belonged and the books will show that he was remo-
 ved to New Albany Ia on or about the 10th day of Jan'y 1865
 The Capt was a poor soldier and of no truth whatever
 At City Point Va in May or June last the Colonel ordered
 all accounts due enlisted men ^{from officers} should be reported to head
 quarters, also at Corpus Christi Texas if I recollect rightly
 the Capt was formed in hollow square and notified to report
 all accounts against officers of the Regiment. I have no knowl-
 edge of Capt claiming to have any account apt Dept previous
 to this time

Elijah Harris (of color) States he belonged to Co F 122nd Col
 Infy the Capt was attached to it in 1864. That under Col Saman-
 order the Capt had deposited with Dept \$500 one bill, that
 he ^{wife} had deposited with the Capt under the said order. That he
 knows the ^{Capt} drew money at one time how much he does not know
 but he the Capt bought boots at \$17- and let Mr Thompson have \$80. That
 he afterwards rec'd of Dept \$70 - And afterwards he was present
 when the Dept paid somewhere about \$300 on an order from
 the hospital ^{that John was sick & wanted his money} & was orderly of Co F at City Point Va in June last when
 Regimental orders were issued for all soldiers who had claims against
 officers to present them we were there preparing to go to Texas, I
 was particular in calling on each one to present his claims the
 Capt was then in the ranks and spoke of no indebtedness on
 the part of Dept - In answer to Dept's question - he says Capt's reputa-
 tion for truth & veracity is very bad -

State of Kentucky Jefferson County -
Court of the Freedman's Bureau -
Louisville Feb 3rd 1866.

Pompey Matthews and Lucy Matthews his wife. (colored)

H. $\frac{3}{4}$ on motion for support as aged & infirm persons.
Capt. John. Robt. deft

This motion came on for hearing in the presence of the parties, the Plffs. are upon inspection adjudged incapable of supporting themselves. The facts as they appeared by the statements of the Plaintiffs were that Pompey had for many years lived with Mr. Henry Robt. late of Jefferson County, now deceased, as a free man on hire and since his death that he had lived with deft in the same way and had raised his hire - that Lucy was bought by Mr. Henry Robt. when a small girl and has been the wife of Pompey for many years, that they have five children all of whom were sold from them except two, one of whom left the employ of the deft two years ago and has been since a free man is now running on a steamboat for a living - the other left their home with the parents and came to the city - when the proclamation of Freedom was made - and is still here - that these two sons are healthy and able to work. That the deft is the nephew of Henry Robt. deceased and lived with him from his boyhood and was one of his sons

er. denies that he took possession of the house
 - show of said Henry at his death and continued
 upon it until a short time since when the place
 was sold, that Plffs. continued on the farm after the
 death of said Henry Robt. and labored for said
 John as they had for said Henry. The Plff Lucy
 states that her old master Henry assured them
 Pompey and herself that they should have a house
 and support upon the place as long as they lived
 that a few weeks since the defendants told them
 he had sold the place and they must leave that
 he would not do any thing more for them.

On this state of case. The court dismisses the
 claim as to Pompey and orders Capt John Robt. to
 pay Lucy twenty five dollars now and \$25 each
 succeeding four weeks months until the further
 orders of this court also to pay the costs of this
 proceeding to. From which order and judgment
 of the court the deft appeals to Maj Genl Hick
 which is allowed and payment suspended until the
 appeal is disposed of. Given under my ^{hand} date above.

H. 3 On motion for support as aged & infirm persons -
Capt. John Robt - Deft.

Appeal to Maj Genl Field -

The deft. Except to the finding of the Court in the above case
as against the law of the land, and contrary to the precedents
of all the Courts of Justice in the country.

The object of the Establishment of the Freedman's Bureau
as it is understood from your announcements and the
publications made through the public prints, and in
"General Orders" was to place the Freed man equal before
the law with the white man. That he may have his
contracts enforced, that he be compelled to perform his
legal obligations, and that other persons be compelled
to respect his rights in his new relation to society -
Taking this as the object of its establishment, it will
proceed to state the objections to the judgment from
which we have appealed - to

1st Because the finding was had upon the unsupported
statements of the Plffs. to the action, and this made not
under the formality of an oath. I take it that in no
state in this country is a party to an action allowed
to be a witness for himself - that it is equally true
that no person can be a witness in a case where they
have any interest however remote in the result of the
trial. That even a nominal party will not be allowed
to testify until he has relinquished all interest in the
action. These principles have been so long and well established

that I deem it unnecessary to cite authorities —

2nd

Because the deft. John Robt. never owned the deft. Lucy as a slave, that he never had any control over her person or received any of the profits of her labor, except as the Executor of Henry Robt. ^{Pres.} That the judgment is wrong in that it is against John Robt. personally, whereas the only way in which under any circumstances, it could have been rendered against him would have been as the Executor as aforesaid — and it could not be thus given legally, as it would have subjected ^{him} to the payment of a claim under an implied promise of his testator which is now contrary to the law of the State in which he qualified and would in this way subject him to a personal liability —

3rd

Because the finding of the Court was against good public policy, it is shown in the evidence if any there be. That Pompey has always been a free man, that he has worked for himself and received the hire of his labor. That his wife by her work has maintained herself and her children and has them raised and learned a useful trade, and that while young and able work they have all been emancipated — that he having been free has all his life had all the privileges without any of the burdens of raising his family, under those circumstances he should have been enough to have maintained his wife in her age when she and her children have been made free by the law of the land — and to give him the benefit of this judgment would but reward him for a life of idleness —

4th Because. The only obligation under which the family of Henry Robt. Sec^r was placed to support this old woman grew out of and was incident to the institution of Slavery, under the Slave Code, as it existed in Kentucky the master was entitled to the time and services of his slave, and was in return bound^d to feed, clothe, and maintain his slaves, to furnish them medical aid when sick to support them when they became old and infirm - And does not the "Constitutional amendment" which swept from the master all those rights, also release him from the reciprocal obligation of taking care of the old and infirm. any other interpretation of the law is manifestly unjust and establishes the anomaly of creating or retaining a legal obligation, without conferring the reciprocal right. It is to me clear that the Law by giving freedom to all the slaves, places the children of aged and infirm freed persons, under all the moral and legal obligations to support and care for their parents which white persons owe to their parents similarly situated.

5th This judgement is wrong, because the law which has freed the slaves and taken away from the masters the benefits of slavery and its consequent burdens, has placed this poor woman in the same situation as other poor persons in the State, and she must look for support in the same direction, as she would if she were a white woman poor and unable to support herself. That is to the poor laws of the State, under which there is no distinction of race or color. Chapt 73. Sec. 11. of the

Revised Statutes of Kentucky holds the following language: "The County Court in term time, or the presiding judge in vacation, shall have power to visit a poor person to be taken to the poor house and supported, and to cause medical aid to be employed at the public expense for such of the poor of the County as may be proper."

Pompey has always been within the purview of this Statute and Lucy has been since she was declared free.

The sudden emancipation of the colored people has worked many hardships upon both the white and black. Many poor and infirm white persons who have worked through a long life, having invested all their earnings in this description ^{of property}, have had it all swept from them at once and they left in their old age destitute in many instances as poor as this old woman. Yet they would have no appeal from this decision of the nation, and have to be supported by their children or be thrown upon the charity of the world. The proclamation of freedom has conferred upon many colored persons the blessings of freedom in which they are now delighting, while ~~to~~ to many others it has only been the destruction of all their happiness, in turning them out penniless in the world where they are unable to maintain themselves. There is no blessing but brings a blight with it for some one. For these reasons I have no doubt that this decision will be reversed.

H. Wharton atty.

Mary Williams
 vs
 James Williams } On accusation for desertion after
 marriage

A warrant was issued against the defendant in order that an investigation into the matter might be had and the facts ascertained and Justice be done

The testimony shows the following facts conclusively = That the defendant took the plaintiff to a house on Walnut street in Louisville and that he stood up with her (as by his own acknowledgment was true) and that a marriage ceremony was performed and although the defendant now claims that it was a sham marriage, still, the proof is that he called her his wife, treated her as his wife, slept with her as his wife and gave her money as such. He used the authority of a husband in sending her to the Country and when she returned from the Country he again slept with her for a time = The defendant brings no charge ^{or} imputation against the plaintiff for infidelity. The judgment of the Court is that the plaintiff defendant pay into this Court in thirty days Twenty five dollars to enable the plaintiff prepare for living in which will be in about 60 days and that the said sum be handed over to the plaintiff

Baron Matton colored being sworn
says that he is the father of Sallie Wilson colored
who made complaint on the 10th Inst against Alden

He states that he lives at Wags Springs in

company with Mr. Quint and makes this statement

"That Sallie is not a suitable person to raise
children, that she is fractious and ungovernable in
her disposition. That he has seen her knock her
child down with her fist and the child run to him for

protection. He remonstrated with her about such treatment but all to no effect. He does believe that one of her children died from the effects of cruel and severe treatment at her hands -

He is well acquainted with Charles E. Veeland who married Mr. Quint's daughter and who now has the child Edmonia in their possession.

He knows that the child is well treated and kindly cared for and is much attached to Mr. Veeland and he does believe that if the child is permitted to remain with them will be educated as well as the law contemplates.

He insists that it would be dealing cruelly with the child to give it to the mother

R. W. Roberts Esq

It seems that you charge Mr. A. P. Quint of having a small negroe girl, daughter of Sallie Wilson and you wish to know by what authority he holds said girl -

I would state here that some time in the year 1864

I think, Mr. Quint showed me a letter from one (Capt. Herriott) who was then an officer in the U.S. Service to come to Louisville and get the girl referred to that she was in a destitute condition.

I accompanied Mr. Quint to Louisville and brought her home. I am well acquainted with Mr. Quint and the woman Sallie.

I do not think she is fit to raise ^{the} child spoken of as she is a woman of very bad reputation and will get drunk whenever she can get whiskey, and I am satisfied would not take half as good care of her as she is with Mr. Veeland with whom she now lives.

Mr. Veeland is the son in law of Mr. Quint and has a small family and I know that he and his wife are kind and good to the girl, and moreover I know that the girl is satisfied to live with them and would not leave them unless she was forced to leave.

With these facts I subscribe myself

Yours respectfully

Thos. J. Hall SBC

If you wish any information as to my integrity I refer you to Gen. Walter C. Whitaker.

Daniel McCulloch (White) being sworn states that he once owned the colored woman Sallie Wilson who complains of Mr. A. P. Quint of Bullitt

County for keeping her out of the possession of her child

He says that Sallie is a woman of very violent and ungovernable temper and while she was his slave he frequently corrected her for cruelty to her little children -

He is well acquainted with the family of Mr. Quint and he has seen the most kind treatment made to the child and he knows that Mrs. Orelana Mr. Quint's daughter and with whom the child now is is kind to the child and treats it well

Sarah

I happened to be in Mount Washington at the time your letter arrived to Pa. we are not living there now. You desired Pa to send Eddie to you, as I am more interested in her than any one else I thought I would write you a few lines in regard to her - I have often told Eliza I believed if you knew that we had

returned from Illinois and that she was in my care you would be more than willing to let her remain with me, knowing that Elmer and I love her so much and especially me. You have told me often you wanted me to raise her and you know Sarah there is no one living that would do for her as I will for there is no one that has the same feeling for her. I have given her three new linen dresses and good new warm under clothing, shoes and stockings. She is cared for more a thousand times more than one half of the white children but you know she will never suffer while I have means to prevent it. It is true she is of but little value as she is so small but the attachment I feel for her is the cause of my reluctance in giving her up.

I also am striving to make a good girl of her, each night she kneels beside her little bed and repeats the prayer I taught her. Eddie does not grow very fast but if she remains with me as she grows older I am willing to pay something for her. You can visit her or I will bring her to see you.

Esg Clements has made a lengthy statement
to prove a small matter

He says two of the defendants were arrested and
found guilty and sentenced to \$5.50 costs each
and to give bond and that two dollars in each
case was reserved to be refunded to Williams

The rule and custom is to put all ^{the} names of the
offenders in one writ and charge \$1. for the writ
but it seems that there was money about and
the endeavor was to make as much cost as
possible and absorb all the six dollars that
Williams had advanced

He says that at any time he would have
entertained a motion against the constable and
forced the refunding the money to Williams but
he sits by and sees Williams brimled and
never suggests to Williams what he can do
and he goes further and rather censures the attorney
for not making the motion

The censure cast on the attorney James Harris
Esg I think is very just = He has not done his
full duty to his client = He should have seen that
Williams money was restored to him at the time

It is impossible to say from the testimony ~~whether~~ whether the Magistrate or the constable has the lions share of the money

Esq. Clements shows that \$4.00 was collected in the two cases for Williams - he claims \$1.10 for the writ that was issued against the defendant who was not arrested

The testimony is almost conclusive that Beards the constable received for costs from ^{Williams} 6.00

Pay Williams the above	4.00	
Deduct 1.10 claimed by the Justice	<u>1.10</u>	5.10
	to be paid	.90

Thus you will see that \$4.90 is all that Williams can get under the Justice's version of the case.

I have never seen a case where so much culpable negligence to do Justice to an ignorant man was displayed by a Justice, Constable and Lawyer apparently in bokeet

From the suggestion of the Justice that a motion would ~~not~~ be entertained against the Constable it would seem that another fee from Williams would be acceptable and a few more bills ^{for costs} would have to be taken up

James Harris (att. at Law) being sworn says he thinks about eighteen months since Thomas Williams colored told him of his having been assaulted by three white men and he gave his advice that they be arrested for a breach of the Peace.

He said to Williams as he ~~did~~ not know him it was usual and ~~customary~~ to ask for his fee ~~off~~ in advance

and Mr. Joseph C. Beard the constable said it was also usual for the Constables and Magistrates fees should be paid in advance and that the same would be six dollars thus making the sum of Eleven dollars to be advanced.

Williams said he would ^{do} it as soon as he got to the stock yard where the arrests were expected to be made.

When Mr. Beard returned with two of the prisoners he ^{handed} him Harris five dollars which was the amount that Williams was to pay him and which he understood Williams had given Mr. Beard to hand to him. The two men were prosecuted by him to conviction and were both found guilty and held to bail.

All persons found guilty under prosecutions for a breach of the Peace may be committed to Jail in pursuance of the order of a court by a written Writimus until bond is executed and costs paid. He knows that there were some bond as required but he saw no Writimus directed to the constable requiring him to take the men to Jail until the costs were paid.

The above statement in regard to what the law is in relation to bond & costs he believes to be correct.

By defendant Were ^{you} acquainted with me before the time you speak of Answer I was not

By defendant Was Overton Wade dead when the conversation you talk of took place Answer he was
 By the Court From whom did you learn what this money was owing for Answer I learned from Alex Wade that it was the debt of borrowed money had from Overton Wade who was the husband of plaintiff

Palmer Richardson being first sworn states that Overton Wade got her to go and see Wiley Jones and ask for some of the money that he had loaned to Wiley Jones

Overton Wade stated that the same Wiley owed him was sixty dollars and that the only time she heard Wiley Jones questioned about it he denied it owing it

By Defendant Did not my wife pay you ten dollars Answer Yes she paid me ten dollars which had been loaned her by Overton Wade = Jones sent half a load coal one load of wood and provisions to Overton Wade when he lay sick = I have seen your little daughter carry

~~By~~ some food to Overton Wade =

James ^{Payne} ~~Taylor~~ being first sworn states that Amelia Wade asked me to see Overton Wade for some money and Overton said he had just loaned all the money he had to Wiley Jones = ~~the next~~ again Amelia Wade the plaintiff was recognized by Overton Wade as his wife to my knowledge for several years

By deft Was I present when Overton Wade died Answer I did not ^{know} for I was sick at home

By same How long has Overton Wade been dead Answer Last winter one year ago

Amelia Wade the plaintiff at the request of the defendant being sworn deposes

I did not see Overton Wade loan you any money about one month before Overton died he told me he had loaned money to Wiley Jones

Wiley Jones first being sworn states that Overton Wade never loaned him Wiley any money He never acknowledged as stated by Celia Taylor that he owed the money and would pay a part of it some

Tuesday May 15 1866

Harriet Lerris ^{stayed about the house} being first sworn states that Overton Wade ~~lived~~ a large portion of his time with Wiley Jones for two years or more and she does not know that Overton ever paid anything for it = I know Wiley Jones furnished her with 2 chickens some ham = some coffee, cannot say how much perhaps a pound, some tea some sugar say 1/2 pound I saw pretty near all that was sent = 3 pice some butter 1/2 doz eggs 2 ff in money Wade lived in a room by himself in a room rented when these articles were sent to him by Wiley Jones = She does not ^{know} that coal was taken to Wade's Room

May 15th

Maria Jones being first sworn does not know that Overton Wade loaned her husband Wiley Jones any money. Wade staid about their house for two or three years before he died. He had a room on Dean Street where he slept most of his time = coffee = chickens = and all kind of eating was taken to Wade from their house. Some coal, and Wade would come and get coal from their coal house when he was able to walk about. The ~~rooming~~ clothes furnished to Henry Wade for was furnished by them but she cannot say what they were worth = Knows nothing about her husband letting Wade have \$2 = or any amount of money = Wade once gave her 10¢ to keep for him which she paid back to him.

Amelia Wade again called and sworn says that she fed Overton Wade for twenty six years - that she attended him in his last sickness and ~~to~~ took him food and sat with him all night by herself = He had some bacon in his house ~~and~~ She saw some eatables that was brought by others = Overton spoke to her several times about loaning money to Wiley Jones = I saw some coffee 2 or 3 times when I went to see Overton which it was said was sent by Wiley Jones. She states that Doct. Salcott cured him of the derangement of his urinary system and that for a short time before his death he was not troubled as he was several years before.

In the absence of positive proof in the case of Amelia Wade against Wiley Jones the Court takes the evidence of Belia Taylor and relies upon that to fix an indebtedness.

The testimony of Palmy Richardson is that Overton Wade the husband of the plaintiff fixed the sum at \$60- and that seems to be the only sum that it can be fixed at.

The testimony going to show that Jones furnished Overton Wade with food and coal &c during his sickness is very vague and uncertain but still it must be admitted that articles were furnished.

Harriet Lewis enumerates a list of articles that she knew were furnished put down at	\$4.00
Cash by same witness	2.00
The statement of Jones himself sustained by the sworn statement of Mrs Jones Justifies the belief the wood & coal was worth	\$4.00
That the shrouding clothes were worth	5.00
	<hr/> \$ 35.00

The Court therefore Renders judgment for the plaintiff in the sum of Twenty five dollars and costs accrued and orders that the defendant pay that amount.

Sunday November 3^d 1867.

My Dear Hogarty.

Your letter of 23^d Oct came duly to hand. I was much pleased to hear from you. I have ~~not~~ received any money from Lt Sketton or Mr Brown yet. I don't think there is much danger of Brown sending any money to me. He is too long winded.

I hope that you won't fail to call on my sister, as she will be so much disappointed in failing to have a talk about me, and the people here. You must also call on father. He lives cor Dekalb and Grand Ave Brooklyn. He can pass the house. He is at home about 7 P. M. better send him a note, so he will be sure to be at home. Call at Mr Kitchings 39 Beaver St New York, and he will tell you how you can get to my sister.

I received your letter of 30th Oct to day. I have sent two packages of letters to you. The first contained about a dozen, and the second two or three letters.

I hope that you got them safely, as there may have ^{some} contained money.

Your horse is in excellent condition, getting fat, and very fiery from want of exercise. I ride her two or three times a week, after office hours, when the days are clear. I have only driven her twice, as I cannot afford to hire a buggy very often.

Genl Runkle and family have moved to 8th St near Walnut, are keeping house. I keep your horse at his stable, as it is a warmer one, and Robert can attend to them all at one time, which saves expense.

I have bought ration (forage) for November for the mare. I have paid for forage and to Robert about \$20- and it will not cost over \$5- more during Nov.

Genl Runkle told me to tell you that he could get you a buggy cheaper at his home in Ohio, than you can buy one in New York, and that you had better wait, and get one here. He has bought a very nice carriage, which will be here soon. It took the prize in Ohio State fair. My male them at his father's home.

I am glad to learn that your hearing has improved, and hope that the cure will be permanent.

Charly and wife have not yet arrived here. I presume

they will be here soon. You ought to go to Trenton. Becky Stokes lives at 5th & Warren St, near the Assanpink river. They would all be glad to see you. Genl Ely is at Drillstone Pa. He was mustered out to date Oct 31- and has been Promoted Major Genl for "for gallant conduct throughout the war".

Dr De Witt you may remember was mustered out to date Nov 1-1867. He went home on the 1st Nov accordingly. We all regretted to have him leave here, but much more to have Genl Ely leave.

Genl Runkle is Chief Surgt & Disbursing Officer, and Col Drum is A. A. Inspector Genl. in addition to his duties as A. A. S. for Genl Quibank, down stairs.

Dr Bell has taken Dr De Witt's place. Capt Cutler and family are well. They are keeping house on 10th near Hazen St. since Nov 1st.

Maj Roberts is still home at Trenton on sick leave. You ought to call on him if you go to Trenton.

I had the good fortune to receive yesterday an appointment as Brevet 1st Lt "for gallant and meritorious service at the battle of Antietam Md." and Brevet Captain U. S. Army. "for gallant and meritorious service during the war" to rank from 2d March 1867.

Both signed by U. S. Grant in person of course I

am much elated at this great victory, I have bought
~~two~~ fair Captains' shoulder straps heavy style, and
 shall sleep with them on me for a week or
 two, so as to become used to them. My ambition
is now entirely satisfied, and I am ready to bury the
 hatchet with all my enemies, on account of this
 extraordinary good fortune. You know that in some
 countries when a child is born to its sovereign, all
 political prisoners are pardoned and set at liberty,
 as I have no one to pardon and release, (not now
 being engaged to any girl) I will cheerfully forgive all
 my enemies, except the man who stole the heart of
 my Mrs Virginia maid. That was an offense outside
 of Executive clemency.

The Quartermaster seems to be of opinion that you
 are not entitled to go on leave.
 The question is a difficult one, but I will let you get
 home, so as to see my money again are a failure.

It will be impossible for me to go down the river office to day. I will state here that I have never refused to pay the negroes the wages claimed, but told them distinctly that when ever they returned the property they have stolen I would pay them. My wife has been confined to her room for a long time - when there

upon came here
 to work, she placed
 everything in their charge
 & told them they must
 be responsible for them.
 They were free to under-
 stand that when any thing
 was missing or broken
 they would be held ac-
 countable for it. They
 returned upon their
 work with a full
 understanding of this.
 Silver & other ware
 has been stolen & broken
 more than their wages
 paid to. They could not
 produce the things lost,
 I suppose to pay them
 until they do. —
